
 When the sun is shining the children love the opportunity to have freedom of play in our lovely garden area

Please can you ensure that you apply sunscreen before the start of the day if it is going to be warm 

Factor 30 will ensure that children are covered between 9.00 & 3.00pm.

Also please don't forget your NAMED sun hat and sensible footwear for outdoor play.

If you would like us to apply additional sunscreen please provide a labelled bottle with your child's name and request a permission slip
